Medigap policies are standardized

Medigap policies must follow federal and state laws designed to protect you, and they must be clearly identified as “Medicare Supplement Insurance.” Insurance companies can only sell you “standardized” plans, which are named in most states by letters A–D, F, G, and K–N. **All plans with the same letter offer the same basic benefits, no matter where you live or which insurance company you buy the policy from. Price is the only difference between policies with the same letter sold by different companies.**

What's Medicare drug coverage (Part D)?

Medicare drug coverage (also known as Medicare Part D) helps pay for the brand-name and generic drugs you need. It's optional and offered to everyone with Medicare by insurance companies and other private companies approved by Medicare. Even if you don't take prescription drugs now, consider getting Medicare drug coverage to avoid paying a late enrollment penalty if you join a plan later.

Do You Know The Quickest Way To Reach Your Maximum Out Of Pocket On A Medicare Advantage Plan?

2

Did You Know That A Medicare Supplement Does NOT Cover Basic Dental Vision And Hearing?

3

Did You Know Almost Half The Costs That Come From Getting Cancer Heart Attack Or Stroke Are NOT Picked Up By Medicare Advantage Or Medicare Supplement Plans?

4

Did You Know That If You Spend More Than 100 Days In A Skilled Nursing Facility, Medicare Pays Absolutely Nothing?

— Here Are Optional Coverage Products Many Medicare Beneficiaries Elect Along With Their Medicare Supplement Or Advantage Plan

His Critical Illness (CHS) Plan Paid Him \$15,000 In Cash Benefits, Helping Ease The Financial Burden While He Focused On Recovery.

"Instead Of Worrying About The Bills, I Was Able To Get The Best Treatment And Truly Focus On Recovering."

The Biggest Financial Risks Are NOT The Hospital Bill — They Are Everything AFTER Discharge That Medicare Does NOT Cover.

Recovery Care — The Biggest Financial Liability On Medicare

Dorothy's Story.

After her stroke, Dorothy needed 200 Days of skilled nursing. Days 1–20 were covered. Days 21–100 were covered by her Medicare Supplement Plan.

After Day 100: Her Recovery Care plan paid in full for the remaining 100 Days. Which would have been \$30,000 Out Of Pocket for Skilled Nursing Care.

"I didn't have to ask my children for help with my bills or my personal care."

Dental, Vision & Hearing — Medicare Supplement

Original Medicare Covers NONE Of Routine Dental, Eye Exams, Glasses, Hearing Aids, Or Hearing Exams.

DENTAL

Dental Implant: \$3,000–\$5,000

Standalone DVH: \$30–\$70/Month

VISION

Prescription Glasses: \$200–\$600

Most Advantage Plans Include Basic DVH

HEARING

Basic Hearing Aids: \$1,500–\$3,500/Ear

DVH Plans Cover All Basic Care & Exams

Most DVH Plans Can Help Cover 50-100% Of These Costs

Not Having DVH Means Paying Non-Negotiated Rate (Usually Much Higher Without Insurance)

Copay Protection Plan — Medicare Advantage

Medicare Advantage = The Car | **Copay Protection Plan = The Seatbelt** | Together = Complete Protection

Hospital Stays

Gap: Most Advantage Plans Charge \$350+/Day For Days 1–5 = Total \$1,750+ Copay Per Stay

Outpatient Surgery

Gap: Advantage Plans Charge Copays Of \$250–\$500+ Per Outpatient Procedure

Skilled Nursing (SNF)

Gap: \$217/Day For Days 21–100 This = \$17,360 Out Of Pocket

Ambulance

Gap: Advantage Plans Charge Copays Of \$250–\$500+ Per Ambulance Ride

Copay Protection Pays You CASH To Cover Your Largest Out Of Pocket Copays On Medicare Advantage Plans

Final Expense & Life Insurance — Protecting Your Family

Medicare Protects Your Health And Retirement. Final Expense And Life Insurance Help Protect The People You Care About Most And Ease Future Financial Burdens.

Final Expense Coverage

- Cremation or Burial Costs (\$8,000–\$25,000 average)

Common Questions & Objections — Let's Address Them Head On

? "I can just go on my spouse's plan."

✓ Possibly — but compare carefully. At 65, Medicare is often far better coverage for less money. A quick comparison takes 15 minutes and could save you thousands.

? "I'm healthy — I don't need extra coverage."

✓ The people who pay the most are the ones who didn't expect to get sick. A cancer diagnosis, stroke, or hip fracture doesn't give you a warning. Protecting against the unexpected is the point.

? "I'll figure it out when I turn 65."

✓ The window opens 3 months before your birthday. Waiting until you turn 65 means a gap in coverage or a delayed start. We should talk at least 4 months before your birthday month.

? "My neighbor/friend said Advantage is better."

✓ What works for your neighbor may be wrong for you. The right plan depends on YOUR doctors, YOUR prescriptions, and YOUR overall health— not someone else's situation.

More Common Questions — Answered Honestly

? "I already have coverage — why would I change?"

✓ Plans change every year. Your health changes. Your drugs change. An annual review costs you nothing and could save you hundreds or thousands. We proactively reach out every fall.

? "I don't want to bother an agent every time I have a question."

✓ That's exactly what we're here for. When you join the Covenant family, you get a direct line to us — for claims, billing, questions, or just to talk through options. Forever.

? "What if I need a specialist not in my plan's network?"

✓ That depends entirely on your plan type. Supplement users can see ANY Medicare provider. Advantage PPO users can go out-of-network at higher cost. HMO users are restricted. This is one of the most important factors we walk through with you.

? "I've heard Medicare Advantage is being cut back."

✓ Plans do change — which is exactly why you need an annual review. We monitor changes for you, proactively alert you, and help you switch if your plan is no longer the right fit.
